## Binman killed by lorry

A binman died yesterday after becoming trapped under a refuse lorry he was working on, police said.

The victim, believed to be aged in his 30s, was collecting rubbish in Ludlow, Shropshire, when he got caught under the back wheels of the vehicle.

Police officers, paramedics and firefighters worked to try and free the man but he was pronounced dead at the scene.

West Mercia Police said the victim had been working with a team of refuse collectors in the Paddocks area of the town when he became trapped.

A force spokesman said officers were alerted by Shropshire Ambulance Service shortly before 9.45am.
